

LIGHT, MEDIUM & HEAVY TOWING

One call. Fast response. Anywhere on the Range.

OUR STORY

Originally founded in 1994 in Virginia, Minnesota, by Roger and Sue Nelson, the company was sold in October of 2000, to allow for more family time. The new owners abandoned the company in 2003, and the business name was dormant for the next 17 years. In 2020, Roger Nelson, along with his son Cole, resurrected his dream to have a full-service towing company that would service the entire Iron Range.

In 2022, we acquired the towing portion of **Kitzville Body** of Hibbing and then later that year acquired the towing portion of **Ken's A1** of Hibbing. At that same time, we purchased our Hibbing shop/impound location. In May of 2024 we purchased our most recent addition, **TJ's Towing Service** of Grand Rapids.

Towing services are only limited by equipment and employees. Our goal is to have a unique variety of both.

When we advertise that we do small, medium and heavy towing, you can believe it. We have over 30 tow trucks (seven of which can tow and recover semi trucks) and an additional 40 pieces of equipment. We not only do the tow, but also the clean-up, and in the case of a cargo claim, we reload, move and store as necessary.

Collaborating with a staff of more than 30 full- and part-time employees spread throughout are area not only gives us a quick response time, but also close back-up help as needed.

Our off-road recovery ability is unique in that we have equipment and expertise in both ice recovery as well as off highway recovery and transportation. We also have additional equipment being built and partnerships in place for additional help as needed.

VIRGINIA 218-780-1726 **HIBBING** 218-410-5660 **GRAND RAPIDS** 218-326-1097

WE BUY SCRAP CARS

All three of our locations have secure impound abilities and normal business hours. All locations have gated access and security cameras.

Our Hibbing location has the added feature of new and used tire services. Although open for normal business hours, we do have the availability for 24-hour service as well.

COMMUNITY INVOLVEMENT

It is our great pleasure to provide training cars for most or all of the fire departments and first responders in our area. We deliver to the training location and remove them when training is complete.

OUR MISSION

To provide exceptional quality service at a responsible price for the entire Iron Range and beyond.
